

## Medicare Program

### Discarded Drugs and Biologicals – JW Modifier and JZ Modifier Policy HCPCS Codes

The billing and payment codes (Healthcare Common Procedure Coding System (HCPCS) codes) identified specifically pertain to drugs in single-dose containers. Therefore, the JW and JZ modifier policy may apply depending on the setting of use, such as a physician's office. The list is not all-inclusive, and it will be updated approximately semi-annually with newly identified codes subject to the modifier policy. Codes with 1 or more multiple-dose containers assigned to it are excluded from the list.

For more information, see the JW Modifier and JZ Modifier Policy FAQ at  
<https://www.cms.gov/medicare/payment/part-b-drugs/discarded-drugs>.
