Transmittal 11491	Date: July 8, 2022
	Change Request 12724

Transmittal 11418, dated May 19, 2022, is being rescinded and replaced by Transmittal 11491, dated, July 8, 2022, to correct Attachment A, which incorrectly listed IRIS software vendor's MyEvaluations.com - MyGME as MyInnovation.com - MyGME. All other information remains the same.

SUBJECT: Interns and Residents Information System (IRIS) XML Format

I. SUMMARY OF CHANGES: Teaching providers are required to submit Intern and Resident Information System (IRIS) data for all interns and residents claimed on the submitted cost report. The federal register for fiscal year 2022 updated 42 CFR 413.24(f)(5)(i)(A) to require that teaching providers file their IRIS data using the XML format for all cost reports with fiscal year beginning on or after October 1, 2021. This section of the federal register also instructed teaching providers to ensure that the total graduate medical education (GME) and indirect medical education (IME) full time equivalents (FTEs) reported on the IRIS match total GME and IME FTEs reported on the as-filed cost report. Cost reports with fiscal year beginning on or after October 1, 2022 that the XML IRIS GME and IME FTEs do not match what is reported on the as-filed cost report will be rejected by the MACs. This change request is to instruct the MACs about these changes, and to provide the MACs with the attached list of XML IRIS approved vendors. Providers are not required to use vendors from the list, but the vendors listed have been confirmed to be able to produce XML IRIS files that conform to the new format and specification.

SUBJECT: Interns and Residents Information System (IRIS) XML Format

EFFECTIVE DATE: October 1, 2021

**Unless otherwise specified, the effective date is the date of service.*

IMPLEMENTATION DATE: August 19, 2022

I. GENERAL INFORMATION

A. Background: Teaching providers are required to submit Intern and Resident Information System (IRIS) data for all interns and residents claimed on the submitted cost report. The federal register for fiscal year 2022 updated 42 CFR 413.24(f)(5)(i)(A) to require that teaching providers file their IRIS data using the XML format for all cost reports with fiscal year beginning on or after October 1, 2021. This section of the federal register also instructed teaching providers to ensure that the total graduate medical education (GME) and indirect medical education (IME) full time equivalents (FTEs) reported on the IRIS match total GME and IME FTEs reported on the as-filed cost report. Cost reports with fiscal year beginning on or after October 1, 2022 that the XML IRIS GME and IME FTEs do not match what is reported on the as-filed cost report will be rejected by the MACs. This change request is to instruct the MACs about these changes, and to provide the MACs with the attached list of XML IRIS approved vendors. Providers are not required to use vendors from the list, but the vendors listed have been confirmed to be able to produce XML IRIS files that conform to the new format and specification.

B. Policy: 42 CFR 413.24(f)(5)(i)(A) require teaching providers that claimed GME and IME on their as-filed cost reports to file IRIS data with the as-filed cost report. The IRIS XML format is effective for all teaching providers' cost reports with fiscal year beginning on or after October 1, 2021.

II. BUSINESS REQUIREMENTS TABLE
