COVID-19: Add-on Payment for New Treatments

CMS issued an [Interim Final Rule with Comment Period](#), which established the New COVID-19 Treatments Add-on Payment (NCTAP) under the Medicare Inpatient Prospective Payment System (IPPS), effective from November 2, 2020, until the end of the Public Health Emergency (PHE) for COVID-19. To mitigate potential financial disincentives for hospitals to provide new COVID-19 treatments during the COVID-19 PHE, the Medicare program will provide an enhanced payment for eligible inpatient cases that involve use of certain new products with current Food and Drug Administration approval or emergency use authorization to treat COVID-19. Visit the [NCTAP](#) webpage for more information.
