

# Hospice Public Reporting: Background and Announcements

## Updates

February 07, 2022

### Hospice Quality Reporting (QRP) Claims-Based Measures: Questions and Answers (Q&As)

The Hospice QRP now includes two new claims-based measures: Hospice Visits in the Last Days of Life (HVLDL- NQF #3645) and Hospice Care Index (HCI). Please find the latest frequently asked questions on calculating and reporting claims-based measures in the **Downloads** section of the [Public Reporting Background and Announcements](#) webpage.

### Resources:

Other pages on the HQRP website provide more information relevant to public reporting:

- [Current Measures](#): visit this page to learn more about the HIS, CAHPS®, and claims-based metrics that are part of the HQRP and are publicly reported on [Care Compare](#).
- [HQRP Requirements and Best Practices](#): provides updates about reporting requirements, and announcements focusing on best practice methods to help hospices be successful with the HQRP.
- [Help Desk](#): visit this page to learn where to go for all questions related to HQRP public reporting.
- [Public Reporting: Key Dates for Providers](#) for detailed information on upcoming dates relevant for public reporting.
- [Public Reporting: Provider Preview Report and Requests for CMS Review of Data](#) and [CAHPS® Preview Reports and Requests for CMS](#)

[Review](#): visit these two specific pages about the Preview Reports and to learn more about how to request CMS's review of HQRP data before it is publicly reported.
