

**NIH
HEAL
INITIATIVE**

Managing Chronic Pain in Individuals with Co-occurring OUD and other Psychiatric Conditions

June 1-2 2020

Introductions

(15 seconds please)

- Name
- Institution
- Area of Expertise

NOTE:
This Meeting Is Being Recorded

Workshop Facilitator

Lynn DeBar, PhD

Session 1

Arthur Robin Williams, MD, MBE

John T. Farrar, MD, PhD

Stefan Kertesz, MD, MSc

Valerie Earnshaw, PhD

Christin Veasley

Jessica Hulsey

Session 2

Beth Darnall, PhD

Amy Wachholtz, PhD

Joanna Starrels, MD

Eric Garland, PhD

Daniel Clauw, MD

Session 3

Barbara St. Marie, PhD

T. Anthony Anderson, MD, PhD

Mark Ilgen, PhD

Julie Fritz, PhD

Ingrid Binswanger, MD, MPH, MS

Session 4

Katie Witkiewitz, PhD

Ajay Wasan, MD, MSc

Tae Woo Park, MD, MSc

Brian Ahmedani, PhD

Katharine Bradley, MD, MPH

Jessica Merlin, MD, PhD, MBA

Robert Kerns, PhD

NIH HEAL Initiative – Helping to End Addiction Long-term

- Improving Treatments for Opioid Misuse and Opioid Use Disorder
- Enhancing Pain Management
 - Understanding the Biological Underpinnings of Chronic Pain
 - Accelerating the Discovery and Development of Non-Addictive Treatments for Pain

Managing Chronic Pain in Individuals with Co-occurring OUD and other Psychiatric Conditions

- Workshop Objectives
 - Understand the current state of the science
 - Identify research and infrastructure needed to optimize or transform treatment approaches
 - Provide a vision for what treatment would look like in five years if implemented

Breakout Sessions Deliverables

- Identify key research and infrastructure needs to transform delivery approaches in five-year timeframe.
- Prioritize the top 3
- What is required for successful implementation
- Describe the vision – How will implementation of these priorities transform care for complex patients with chronic pain, OUD, and accompanying mental health conditions?

Guiding Principles for Discussion

- Please mute yourself when not speaking.
- Please use your video, particularly when speaking.
- After each presentation, there will be time for clarifying questions only.
- Discussion questions should be saved for the group and panel discussions.
- Type your questions in the chat window; NIH program staff will field the questions.
- Raise your hand if you would like to contribute to the response.
- For technical questions, send private chat to host.
