

## K01 Eligibility Inquiry

---

NIBIB uses the **Mentored Research Scientist Development Award (K01)** to provide a mentored training period for individuals who wish to obtain experience and skills in an area significantly different from their doctoral and/or postdoctoral research focus. The proposed training should justify a 3 or 4 year dedicated mentored training period and provide the applicant with a set of new skills and experiences without which s/he cannot currently lead an investigation with the proposed specific aims, even with the inclusion of appropriate collaborators. Additionally, the proposed research should address one or more of the [Scientific Program Areas](#) supported by the NIBIB.

Please fill in the information below and forward to [gatlincl@nih.gov](mailto:gatlincl@nih.gov), attaching your **CV** with all publications to date including those accepted for publication and already submitted and attach a 1-page description of your **Specific Aims**, so that your eligibility can be determined.

If your application includes Human Subjects Research, please review the links for Case Studies and FAQs to fill out this section.

Case Studies: <https://grants.nih.gov/policy/clinical-trials/case-studies.htm>

FAQs: [https://grants.nih.gov/grants/policy/faq\\_clinical\\_trial\\_definition.htm](https://grants.nih.gov/grants/policy/faq_clinical_trial_definition.htm)

Brief description of the Human Subjects Research included in your application (Please limit to 800 characters):

Yes/No

Does the study involve human participants?

Are the participants prospectively assigned to an intervention?

Is the study designed to evaluate the effect of the intervention on the participants?

Is the effect that will be evaluated a health-related biomedical or behavioral outcome?

Please remember to attach an up-to-date **CV** with all publications to date including those accepted for publication and already submitted and attach a 1-page description of your **Specific Aims** when forwarding this form to [gatlincl@nih.gov](mailto:gatlincl@nih.gov).
