# NSCF PUF Data Dictionary

## February 2012

**Note:** This data dictionary lists each variable in the NSCF PUF. For each variable, the variable name and variable label are provided. User notes about the variable are provided as needed. Values and value labels are provided for categorical variables. A range is provided for continuous variables. Please note that all variables could also have missing values. Missing values and labels are described in Chapter 5 of the User's Manual for the NSCF PUF.

The following abbreviations are used in the data dictionary:

SM = Sample member

HH = Household

**P\_ID**

PUF: Case Identification Number

Westat randomly assigned the Identification Number to each individual included in PUF using a random number generator routine.

**P\_FNL**

PUF: Final Status Code

This variable identifies whether the respondent completed the computer assisted interview in-person (CAPI) or over the telephone (CATI). The original variable (FNL) distinguished between CATI respondents that phoned in for the interview and those that did not. All CATI respondents are reported in one category for this recoded variable.

- 1: CATI
- 2: CAPI

**RTYPE**

Respondent Type

- 1: SM's parent or guardian
- 2: SM him/herself
- 3: Proxy for SM

**NRTYPE**

Questionnaire Pathing

- 1: CP
- 2: YA
- 3: YP
- 4: YX

**SPAN**

Spanish Interview

- 1: Interview required Spanish

**STRATUM**

Stratum of SM

- 1: Stratum 1
- 2: Stratum 2
- 3: Stratum 3
- 4: Stratum 4
- 5: Stratum 5
- 6: Stratum 6
- 7: Stratum 7
- 8: Stratum 8

**PSEUDOSTRATA**

Variance estimation Strata for Taylor Series Sampling Variances

PSEUDOSTRATA: 1-578

**PSEUDOPSU**

Variance estimation PSU for Taylor Series Sampling Variances

PSEUDOPSU: 1-10027449

**SEX**

SM Sex from SSA File (Preload)

- 1: Male
- 2: Female

**P\_AGE**

PUF: SM's age at time of survey administration

This variable was collapsed into categories to reduce disclosure risk.

- 1: 0 to Age 5
- 2: Age 6 to Age 12
- 3: Age 13 to Age 15
- 4: Age 16 to Age 17
- 5: Age 18 to Age 19
- 6: Age 20 to Age 21
- 7: Age 22 and older

**P\_HOUSEHOLD\_NUMBER**

PUF: Number of HH members

This variable is a count of the number of people in the household. For respondent confidentiality masking purposes, this variable was collapsed into categories.

- 1: 1 to 2 HH members
- 2: 3 to 4 HH members
- 3: 5 or more HH members

**P\_FAMILY\_1**

PUF: Number of HH members related to SM by blood or marriage

This variable reports the total number of household members related to the SM by blood or marriage. This variable includes the SM's biological, adoptive, and step parents, grandparents, aunts, uncles, siblings, spouses, children, and other relatives. For respondent confidentiality masking purposes, values greater than 6 have been grouped.

- 1: 1 HH member
- 2: 2 HH members
- 3: 3 HH members
- 4: 4 HH members
- 5: 5 HH members
- 6: 6 or more HH members

**P\_CHILDREN**

PUF: Number of children under age 18 in HH

This variable is a count of the number of children under age 18 in the household. For respondent confidentiality masking purposes, values 5 and greater have been grouped.

- 0: No children in HH
- 1: One child in HH
- 2: Two children in HH
- 3: Three children in HH
- 4: Four children in HH
- 5: Five or more children in HH

**P\_SM\_CHILDREN**

PUF: Number of SM's children in HH

This variable indicates where the SM has any children living in the household. For respondent confidentiality masking purposes, values 1 and greater have been grouped.

- 0: No children
- 1: At least one child

### **P\_LIVING\_ARRANGEMENTS**

PUF: Living arrangements

For respondent confidentiality masking purposes, this variable groups living arrangement types. The “other” category includes the SM living alone, with other relative or guardian, or in an institution.

- 1: Living with two parents
- 2: Living with mother or father
- 3: Other

### **P\_FATHER\_AGE**

PUF: Father’s age

This variable was collapsed into categories to reduce disclosure risk.

- 1: Under age 30
- 2: Age 30 to 39
- 3: Age 40 to 49
- 4: Age 50 or older

### **P\_MOTHER\_AGE**

PUF: Mother’s age

This variable was collapsed into categories to reduce disclosure risk.

- 1: Under age 30
- 2: Age 30 to 39
- 3: Age 40 to 49
- 4: Age 50 or older

### **P\_FATHER\_TYPE**

PUF: Type of father

This variable reports the type of SM father (biological, adoptive, step, foster, or unmarried partner of parent) living in the household.

- 1: Father (Biological or adoptive)
- 2: Step/foster/unmarried partner of parent
- 99: No father in household

**P\_MOTHER\_TYPE**

PUF: Type of mother

This variable reports the type of SM mother (biological, adoptive, step, foster, or unmarried partner of parent) living in the household.

- 1: Mother (Biological or adoptive)
- 2: Step/foster/unmarried partner of parent
- 99: No mother in household

**B2**

Confirm parent or guardian living with spouse or partner

This question is asked of the parent or guardian completing the survey for SM (i.e., RTYPE = 1).

- 0: No spouse or partner
- 1: Spouse
- 2: Partner

**B3**

General health of SM

- 1: Excellent
- 2: Very good
- 3: Good
- 4: Fair
- 5: Poor

**B4**

SM uses more services

This question refers to a current condition, not a condition in the past.

- 0: No
- 1: Yes

**B5**

SM uses more services because of health condition

This question refers to a current condition, not a condition in the past.

- 0: No
- 1: Yes

**B6**

SM condition requiring more services has lasted or expected to last > 12 months

This question refers to a current condition, not a condition in the past.

0: No  
1: Yes

**B7**

SM needs/uses medication prescribed by a doctor

0: No  
1: Yes

**B8**

SM needs medication because of health condition

0: No  
1: Yes

**B9**

SM condition requiring medication has lasted or expected to last > 12 months

0: No  
1: Yes

**B10**

SM limited/prevented compared peers

0: No  
1: Yes

**B11**

SM limited because of health condition

0: No  
1: Yes

**B12**

SM condition causing limitations has lasted or expected to last > 12 months

0: No  
1: Yes

**B13**

SM needs or gets physical, occupational, or speech therapy

- 0: No
- 1: Yes

**B14**

SM needs or gets therapy because of health condition

- 0: No
- 1: Yes

**B15**

SM condition requiring therapy has lasted or expected to last > 12 months

- 0: No
- 1: Yes

**B16**

SM needs or gets treatment/counseling because of emotional, developmental, or behavioral problem

- 0: No
- 1: Yes

**C\_HEALTH\_DISABILITY\_IND**

Evidence of SM health condition/disability

This variable indicates the number of “yes” answers to the FACCT screener stem questions: B4, B7, B10, B13, and B16. If any of the items equal .D, then the constructed variable equals .D. If any of the items equal .R, then the constructed variable equals .R.

- 0: 0
- 1: 1
- 2: 2
- 3: 3
- 4: 4
- 5: 5

**C\_FACCT\_COUNT**

Number of yes responses to FACCT screener questions

This variable indicates the number of “yes” answers FACCT screener items: B6, B9, B12, B15, and B17. If any of the items or the preceding related items equal .D, then the constructed variable equals .D. If any of the items or the preceding related items equal .R, then the constructed variable equals .R. If all of the items are equal to .L, then constructed variable equals 0.

0: 0  
1: 1  
2: 2  
3: 3  
4: 4  
5: 5

**B19**

CHECK: Does SM have a health condition

0: No  
1: Yes

**B20**

SM prevented from work/school by condition

0: No  
1: Yes

**C\_B21**

SM limited in work/school by condition

This variable has been modified to reflect answers to its stem question B20. SM with medical, behavioral or other health conditions preventing work or school were assumed to also be limited in the kind or amount of work or school.

0: No  
1: Yes

**B22**

CHECK: Does SM have a health condition or is limited in work or school activities

0: No  
1: Yes

**B23**

SM limited in other ways

- 0: No
- 1: Yes

**B24**

SM had health condition when applying for SSI

- 0: No
- 1: Yes

**P\_HLTH\_COND\_COUNT**

PUF: Number of health conditions at time of SSI application

This variable indicates the number of health conditions that the SM had at the time of SSI application. These conditions were reported at variables B25\_1-3. This variable pertains only to SMs not reporting a current health condition.

- 0: No health conditions
- 1: 1 health condition
- 2: 2 or more health conditions

**P\_DG\_HLTH\_COND\_1**

PUF: Diagnostic group - Health condition - 1

This variable indicates the diagnosis group of the SM's first medical condition at the time of the SM's SSI application. This variable is limited to those SMs not reporting a current health condition. For respondent confidentiality masking purposes, this variable has been recoded to indicate whether the reported medical condition was physical, mental, or other.

- 1: Mental
- 2: Physical
- 3: Other
- 97: No condition reported
- 99: Uncodeable

**C\_B27**

SM limited by disability compared to peers

This variable indicates how often the SM's health condition or problem affected his/her ability to do things other peers do. This variable has been modified by the addition of a "no disability reported" response category that reflects the "no" responses to the FACCT screener at B26.

- 0: No disability reported
- 1: Never
- 2: Sometimes
- 3: Usually
- 4: Always

**C\_B28**

SM disability affects ability to do things

This variable indicates the extent to which the SM's health condition or problem affected his/her ability to do things. This variable has been modified by the addition of a "no disability reported" response category that reflects the "no" responses to the FACCT screener at B26.

- 0: No disability reported
- 1: A great deal
- 2: Some
- 3: Very little

**C\_B29**

Severity of SM health condition

This variable provides the respondent's ranking of the SM's health condition or problem on a scale of 0 (mildest) to 10 (most severe). This variable has been modified by the addition of a "no disability reported" response category that reflects the "no" responses to the FACCT screener at B26.

- 0: Rank zero-mildest
- 1: Rank one
- 2: Rank two
- 3: Rank three
- 4: Rank four
- 5: Rank five
- 6: Rank six
- 7: Rank seven
- 8: Rank eight
- 9: Rank nine
- 10: Rank ten-most severe
- 11: No disability reported

**B30**

Stability of SM health care needs

- 1: Health care needs change all the time
- 2: Health care needs change only once in a while
- 3: Health care needs are usually stable
- 4: None of these

**B32**

SM uses medical devices or supplies

- 0: No
- 1: Yes

**B33**

SM hearing

- 1: Good
- 2: A little trouble
- 3: A lot of trouble
- 4: Deaf

**B34**

SM has trouble with vision

- 0: No
- 1: Yes

**C\_B35**

SM blind

This variable has been modified to reflect answers (no, don't know and refused) to its stem question B34.

- 0: No
- 1: Yes

**C\_MAIN\_HLTH\_COND\_COUNT**

Number of SM current health conditions

This variable indicates the number of main health conditions reported for the SM at variables B37\_1-3. This variable pertains to SMs with a current health condition.

- 0: No health conditions reported
- 1: One health condition reported
- 2: Two health conditions reported
- 3: Three or more health conditions reported

**P\_DG\_MAIN\_HLTH\_COND\_1**

PUF: Diagnostic group - Main health condition - 1

This variable indicates the diagnosis group of the SM's first reported main medical condition. This variable is limited to those SMs reporting a current health condition. For respondent confidentiality masking purposes, this variable has been recoded to indicate whether the reported medical condition was physical, mental, or other.

- 1: Mental
- 2: Physical
- 3: Other
- 97: No condition reported
- 99: Uncodeable

**P\_B38**

PUF: Duration of SM health condition/problem (in years)

This variable reports the duration (in years) of the SM's health condition. Question B38 allowed respondents to report duration in days, weeks, months, or years. Respondents' answers in days, weeks, or months were converted to years. For respondent confidentiality masking purposes, values 23.5 and greater have been top-coded using the weighted median value of the top-coded cases.

P\_B38: 0-24

**B39**

SM other health conditions/problems

- 0: No
- 1: Yes

**C\_OTH\_HLTH\_COND\_COUNT**

Number of SM other health conditions

This variable indicates the number of other health conditions reported for the SM at variables B40\_1-2. This variable pertains to SMs with a current health condition.

- 0: No health conditions reported
- 1: One health condition reported
- 2: Two or more health conditions reported

**P\_DG\_OTHER\_HLTH\_COND\_1**

PUF: Diagnostic group - Other health condition - 1

This variable indicates the diagnosis group of the SM's first reported other medical condition. This variable is limited to those SMs reporting a current health condition. For respondent confidentiality masking purposes, this variable has been recoded to indicate whether the reported medical condition was physical, mental, or other.

- 1: Mental
- 2: Physical
- 3: Other
- 97: No condition reported
- 99: Uncodeable

**B42**

SM uses special equipment

- 0: No
- 1: Yes

**P\_B43**

PUF: Number of days SM missed school/work for illness

This variable pertains only to SMs who are age 17 or older. For respondent confidentiality masking purposes, values 61 and greater have been top-coded using the weighted median value of the top-coded cases.

P\_B43: 0-130

**P\_B44**

PUF: Number of days SM in bed more than half day with illness

This variable pertains only to SMs who are age 17 or older. For respondent confidentiality masking purposes, values 101 and greater have been top-coded using the weighted median value of the top-coded cases.

P\_B44: 0-180

**B46**

SM needs help with personal care

- 0: No
- 1: Yes

**C\_B47\_A**

SM needs help with bathing/showering

This variable indicates whether the SM needed help or supervision with bathing and showering. This variable has been modified to reflect answers (no, don't know and refused) to its stem question B46.

0: No  
1: Yes

**C\_B47\_B**

SM needs help with dressing

This variable indicates whether the SM needed help or supervision with dressing. This variable has been modified to reflect answers (no, don't know and refused) to its stem question B46.

0: No  
1: Yes

**C\_B47\_C**

SM needs help with eating

This variable indicates whether the SM needed help or supervision with eating. This variable has been modified to reflect answers (no, don't know and refused) to its stem question B46.

0: No  
1: Yes

**C\_B47\_D**

SM needs help with getting in/out of bed

This variable indicates whether the SM needed help or supervision with getting in or out of bed. This variable has been modified to reflect answers (no, don't know and refused) to its stem question B46.

0: No  
1: Yes

**C\_B47\_E**

SM needs help with walking

This variable indicates whether the SM needed help or supervision with walking. This variable has been modified to reflect answers (no, don't know and refused) to its stem question B46.

0: No  
1: Yes

**C\_B47\_F**

SM needs help with getting outside

This variable indicates whether the SM needed help or supervision with getting outside. This variable has been modified to reflect answers (no, don't know and refused) to its stem question B46.

0: No  
1: Yes

**C\_B47\_G**

SM needs help with using/getting to toilet

This variable indicates whether the SM needed help or supervision with using or getting to the toilet. This variable has been modified to reflect answers (no, don't know and refused) to its stem question B46.

0: No  
1: Yes

**C\_B47\_H**

SM needs help with getting around inside home

This variable indicates whether the SM needed help or supervision with getting around inside the home. This variable has been modified to reflect answers (no, don't know and refused) to its stem question B46.

0: No  
1: Yes

**B49**

SM needs help with routine needs

0: No  
1: Yes

**C\_B50\_A**

SM needs help with preparing meals

This variable indicates whether the SM needed help or supervision with preparing meals. This variable has been modified to reflect answers (no, don't know and refused) to its stem question B49.

0: No  
1: Yes

**C\_B50\_B**

SM needs help with shopping

This variable indicates whether the SM needed help or supervision with shopping for personal items or groceries. This variable has been modified to reflect answers (no, don't know and refused) to its stem question B49.

0: No  
1: Yes

**C\_B50\_C**

SM needs help with managing money

This variable indicates whether the SM needed help or supervision with managing money. This variable has been modified to reflect answers (no, don't know and refused) to its stem question B49.

0: No  
1: Yes

**C\_B50\_D**

SM needs help with using telephone

This variable indicates whether the SM needed help or supervision with using the telephone. This variable has been modified to reflect answers (no, don't know and refused) to its stem question B49.

0: No  
1: Yes

**C\_B50\_E**

SM needs help with heavy housework

This variable indicates whether the SM needed help or supervision with doing heavy housework. This variable has been modified to reflect answers (no, don't know and refused) to its stem question B49.

0: No  
1: Yes

**C\_B50\_F**

SM needs help with light housework

This variable indicates whether the SM needed help or supervision with doing light housework. This variable has been modified to reflect answers (no, don't know and refused) to its stem question B49.

0: No  
1: Yes

**C\_B50\_G**

SM needs help with going distant places

This variable indicates whether the SM needed help or supervision with going to places outside of walking distance. This variable has been modified to reflect answers (no, don't know and refused) to its stem question B49.

0: No  
1: Yes

**C\_B50\_H**

SM needs help with managing medication

This variable indicates whether the SM needed help or supervision with managing medications. This variable has been modified to reflect answers (no, don't know and refused) to its stem question B49.

0: No  
1: Yes

**B52**

Family members provide SM home health care

0: No  
1: Yes

### **C\_FAMILY\_HM\_HLTH\_CARE**

Family provided SM home health care - hours/wk

This variable indicates the hours of family provided home health care that the SM receives per week. If the number of hours was above 12 per week, the data were grouped semi-categorically.

|     |                   |
|-----|-------------------|
| 0:  | 0 hours           |
| 1:  | 1 hour            |
| 2:  | 2 hours           |
| 3:  | 3 hours           |
| 4:  | 4 hours           |
| 5:  | 5 hours           |
| 6:  | 6 hours           |
| 7:  | 7 hours           |
| 8:  | 8 hours           |
| 9:  | 9 hours           |
| 10: | 10 hours          |
| 11: | 11 hours          |
| 12: | 12 hours          |
| 13: | 13 to 24 hours    |
| 14: | 25 to 36 hours    |
| 15: | 37 to 48 hours    |
| 16: | 49 to 60 hours    |
| 17: | 61 to 72 hours    |
| 18: | 73 to 84 hours    |
| 19: | 85 to 96 hours    |
| 20: | 97 to 108 hours   |
| 21: | 109 to 120 hours  |
| 22: | 121 to 132 hours  |
| 23: | 133 to 144 hours  |
| 24: | 145 to 156 hours  |
| 25: | 157 to 167 hours  |
| 26: | 168 hours or more |

### **P\_OTHER\_HM\_HLTH\_CARE**

PUF: Home health care for SM (not family provided) - hours/wk

This variable indicates the hours of home health care that the SM receives per week from non-family members. For respondent confidentiality masking purposes, values 15 and greater have been top-coded using the weighted median value of the top-coded cases.

P\_OTHER\_HM\_HLTH\_CARE: 0-16

**B56**

Pay for non-family home healthcare for SM

- 0: No
- 1: Yes

**C3**

Who gives medical consent for SM

- 1: Gives own consent
- 2: Someone else gives consent
- 3: It varies

**P\_C5**

PUF: Number of SM doctor visits in past 12 months

For respondent confidentiality masking purposes, values 51 and greater have been top-coded using the weighted median value of the top-coded cases.

P\_C5: 0-72

**P\_C6**

PUF: Number of SM hospitalizations in past 12 months

For respondent confidentiality masking purposes, values 4 and greater have been top-coded using the weighted median value of the top-coded cases.

P\_C6: 0-7

**P\_C7**

PUF: Number of SM ER visits in past 12 months

For respondent confidentiality masking purposes, values 10 and greater have been top-coded using the weighted median value of the top-coded cases.

P\_C7: 0-15

**P\_C8**

PUF: Number of SM surgeries in past 12 months

For respondent confidentiality masking purposes, values 3 and greater have been top-coded using the weighted median value of the top-coded cases.

- 0: No surgeries
- 1: 1 surgery
- 2: 2 surgeries
- 3: 3 or more surgeries

**P\_C9**

PUF: Total out of pocket health expenses for SM physical health care

For respondent confidentiality masking purposes, values 1,001 and greater have been top-coded using the weighted median value of the top-coded cases.

P\_C9: 0-2,000

**P\_OUT\_PCKT\_HLTH\_EXP**

PUF: Total out of pocket health expenditures, includes both physical health care and mental health/substance abuse treatment

For respondent confidentiality masking purposes, values 1,001 and greater have been top-coded using the weighted median value of the top-coded cases.

P\_OUT\_PCKT\_HLTH\_EXP: 0-2,000

**C10**

Delayed or gone without health care for SM

0: No  
1: Yes

**C11\_A**

Reason delay or forgo medical care - Office hours

0: No  
1: Yes

**C11\_B**

Reason delay or forgo medical care - Transportation

0: No  
1: Yes

**C11\_C**

Reason delay or forgo medical care - Lack of money/insurance

0: No  
1: Yes

**C11\_D**

Reason delay or forgo medical care - Availability

0: No  
1: Yes

**C11\_E**

Reason delay or forgo medical care - Lack of approval from health plan or doctor

0: No  
1: Yes

**C11\_F**

Reason delay or forgo medical care - Other

Most responses specified in C11\_F were coded into one or more of the C11 categories.

0: No  
1: Yes

**C11\_G**

Reason delay or forgo medical care - SM doesn't like doctors/refuses to go

Other specify responses to C11F were coded. This variable reflects the reason given by the respondent in C11F.

0: No  
1: Yes

**C11\_H**

Reason delay or forgo medical care - Unable to find child care

Other specify responses to C11F were coded. This variable reflects the reason given by the respondent in C11F.

0: No  
1: Yes

**C11\_I**

Reason delay or forgo medical care - No provider accepts Medicaid/insurance

Other specify responses to C11F were coded. This variable reflects the reason given by the respondent in C11F.

0: No  
1: Yes

**C11\_J**

Reason delay or forgo medical care - Just didn't get there

Other specify responses to C11F were coded. This variable reflects the reason given by the respondent in C11F.

0: No  
1: Yes

**C11\_K**

Reason delay or forgo medical care - Doctor too busy/couldn't get appt.

Other specify responses to C11F were coded. This variable reflects the reason given by the respondent in C11F.

0: No  
1: Yes

**C11\_L**

Reason delay or forgo medical care - Medical problem of respondent

Other specify responses to C11F were coded. This variable reflects the reason given by the respondent in C11F.

0: No  
1: Yes

**C12**

Delayed or gone without dental care for SM

0: No  
1: Yes

**C13\_1**

Reason delay or forego dental care - Cost

This question was a code-all-that-apply question. Interviewers read the entire list of possible reasons and respondents could select as many reasons that applied. Responses were recoded where 0 indicates that the respondent did not select the reason and 1 indicates that the respondent did select the reason.

0: Not selected  
1: Selected

**C13\_2**

Reason delay or forego dental care - Not covered/approved by health plan

This question was a code-all-that-apply question. Interviewers read the entire list of possible reasons and respondents could select as many reasons that applied. Responses were recoded where 0 indicates that the respondent did not select the reason and 1 indicates that the respondent did select the reason.

0: Not selected  
1: Selected

**C13\_3**

Reason delay or forego dental care - No dental insurance

This question was a code-all-that-apply question. Interviewers read the entire list of possible reasons and respondents could select as many reasons that applied. Responses were recoded where 0 indicates that the respondent did not select the reason and 1 indicates that the respondent did select the reason.

0: Not selected  
1: Selected

**C13\_4**

Reason delay or forego dental care - Transportation problems

This question was a code-all-that-apply question. Interviewers read the entire list of possible reasons and respondents could select as many reasons that applied.
